Hi Jennifer,

Yes, It would be great to talk. Wednesday is pretty free except for a PFAS meeting for the Office of Land and Emergency Management at 1 pm.

Would you be willing to come in and talk to the Office as an informal seminar? It would be useful to have others hear about your SERDUP work and other stuff.

Let's get together either way.

Will you be at SETAC in Nov?

Do you have the SERDUP schedule?

Laurence, any chance you might be free to meet Wednesday? I will be in DC that day for SERDP, will be free after 10 and before my flight at 5 pm.
Jennifer
